

Site plan
1:500

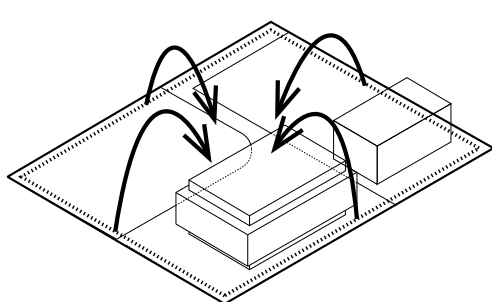

0 m 20

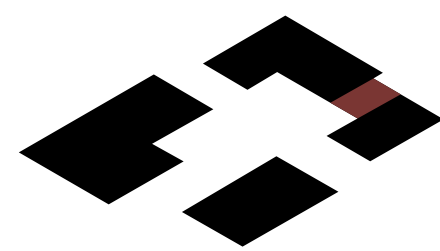

Surroundings lack in urban quality.

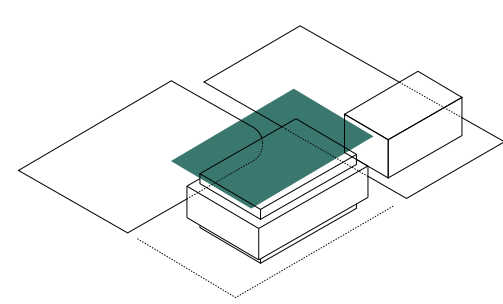

Existing office building is adopted into the new urban logic.

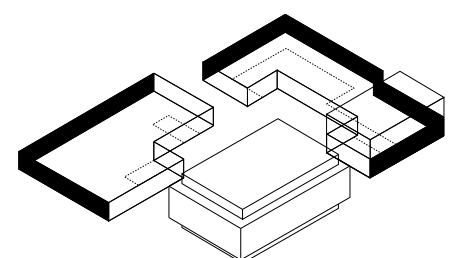

The site is introverted to condense activity and interaction.

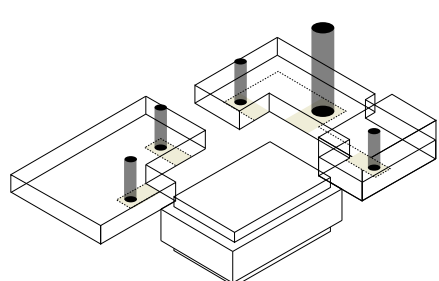

Creating connection to the existing building to the existing building

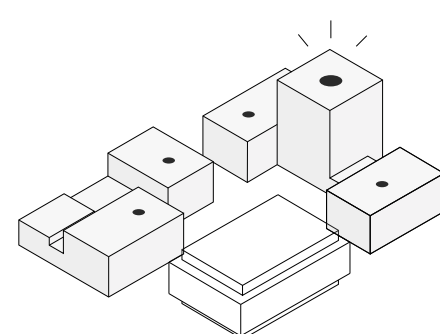

Forming a peaceful and green central space.

Restricting views and access from the outside

Entrances are oriented towards the garden.

Extroverted office floors with views of the surroundings.

Program distribution

- office space
